Weight 0.242kg

Product description

Mounting tape, double-sided, 1mm, acrylic, transparent, 10m

The double-sided mounting tape is ideal for indoor and outdoor use and offers an alternative fastening method to liquid glue, rivets and welding. Ideal for use on surfaces such as metal, glass, plastic, ceramics and wood, with high adhesion and excellent resistance to solvents, chemicals, UV radiation and moisture.

Features at a glance

- Versatile application: Indoor and outdoor use, replaces conventional fixing methods.
- High adhesion: Provides strong adhesion to a variety of surfaces.
- Resistance: Excellent solvent, chemical, UV and moisture resistance.

Technical Data

- Adhesive: Acrylic, pressure sensitive
- Carrier material: Acrylic foam, colour: transparent
- Protective film: Polyethylene, low density, colour: red
- Material thickness: 1.0 mm
- Adhesive strength: 26N / 25mm (on stainless steel)
- Operating temperature range: -40°C to +93°C
- Dynamic shear strength: 4.5kg / cm²
- Static shear strength: 1,000g for 24 hours at 23°C, 500g for 24 hours at 80°C

Other data

- Suitable for surfaces such as: Metal, glass, plastic, wood, ceramic (smooth)
- Not suitable for surfaces such as: stone/concrete, paper/wallpaper, varnished/painted surfaces
- Application examples: Signs, hangers, boards, connector strips, doormats, logos, cable ducts, tools, as a cable guide, holder for all sorts of things

Scope of delivery

- 1 x mounting tape, double-sided, 1mm, acrylic, transparent, 10m
