

Plug-in power supply, 24V DC, 1A, 24W, hollow plug 5.5x2.1mm

The PCE24-24-1-WM is a small, compact plug-in power supply unit that can be used universally. It supplies connected devices with 24V DC voltage and up to 1A current (24 watts). With the standardised P1J hollow plug connection (5.5 x 2.1 x 1

Product number PCE24-24-1-WM

Weight 0.126kg

Product description

The PCE24-24-1-WM is a small, compact plug-in power supply unit that can be used universally. It supplies connected devices with 24V DC voltage and up to 1A current (24 watts). With the standardised P1J hollow plug connection (5.5 x 2.1 x 10mm), it is compatible for charging many different small electrical devices such as routers, scanners, DVD players, docking stations, media players, motor controls, office equipment and much more. Thanks to the integrated overload, overvoltage, overtemperature and short-circuit protection, safety is guaranteed.

Features:

- High efficiency (86%)
- P1J hollow plug connection (5.5 x 2.1 x 10mm)
- Protected against overload, overtemperature, overvoltage and short circuits
- RoHS and REACH compliant
- TÜV / GS certified
- DIN standard compliant: EN62368; EN 55032; EN 55035; EN 61000-3-2; EN 61000-3-3

Technical specifications

- Input voltage: 100-240V 50/60 HZ alternating voltage
- Output voltage: 24V direct voltage
- Output current: 1A
- Power: 24 watts
- Operating temperature: 0 °C to 40 °C
- Relative humidity during operation: 25 - 75 %
- Storage temperature: -10 °C to 80 °C
- Dimensions (housing without cable): 78 x 35.8 x 64.7mm (83mm with power plug) LxWxH

Product properties

Zolltarifnummer	85044083
Color	black
Country of Origin	China
Power	24W
Ports	DC Plug \varnothing 5,5 / 2,1mm
Current	1A
Housing Design	wall adapter
Type	Fixed Voltage Power Supply
Voltage	24V DC
Brand	PCEnergy
Product ID	PCE24-24-1-WM
EAN	4260766890123
Manufacturer ID	PCE24-24-1-WM
Gross Weight (kg)	0.126
