Product description

Want to charge your devices conveniently? It's possible with the Baseus Powerbank! Its sophisticated design not only means access to a large capacity of 5000 mAh, but also unrivalled mobility thanks to its compact size. This powerbank will be indispensable on any journey!

Convenient charging

The Magnetic Powerbank from Baseus is the perfect solution for anyone who values convenient charging of their devices. With a capacity of 5000 mAh, this small power bank allows you to charge your smartphone several times without a socket or interrupting your use. Its magnetic design is not only aesthetically pleasing but also functional, as it adheres firmly to your phone and enables wireless charging in an exceptionally convenient way. Now you can enjoy full convenience and reliable power anywhere, anytime.

Sophisticated design

The power bank stands out not only for its performance, but also for its sophisticated design. With a slim thickness of just 14.7 mm, it fits comfortably in your pocket or handbag, making it the perfect companion on any journey or for everyday use. Despite its compact size, it guarantees safe charging of your device, so you don't have to worry about potential damage. This power bank perfectly combines practicality with an elegant design and fulfils the expectations of even the most demanding users.

Comprehensive compatibility

This versatile power bank offers the ability to charge a wide range of popular devices effortlessly. It enables magnetic charging for iPhones of the 12-15 series. The integrated USB-C port also allows you to charge other smartphones, tablets and wireless headphones. With its broad compatibility and various connection options, this powerbank is a practical companion for all your devices.
