Product description

Goobay headphone and audio extension cable AUX, 4-pin 3.5 mm slim, CU

Jack 3.5 mm plug (4-pin, stereo) > Jack 3.5 mm socket (4-pin, stereo)

Goobay always has the right electronic accessories for your audio applications, e.g. for hobby sound studios, home cinema evenings with the family or music sessions with friends. Our products transmit audio signals in maximum quality for a crystal-clear sound experience. The robust construction and high-quality materials of our connection cables, adapters, converters and audio plugs ensure a sound-filled entertainment experience. Simple. Everything. Fits!

- For extending audio cables with a 3.5 mm jack plug, which are used with stereo headphones with a microphone, for example
- Gold-plated AUX plugs ensure consistent sound and perfect sound quality without interference noise
- The slim design of the jack plug makes it easy to plug into the socket, even when the device is in a protective cover.
- At 0.5 m, the stereo jack cable is extra short to prevent tangles.
- Shielded Goobay AUX extension cable with small bending radius
