Supfire S11-H UV Flashlight

The Supfire S11-H UV flashlight can effectively detect animal marks as well as the symptoms of dermatophytosis and check the authenticity of documents. The powerful rechargeable battery provides up to 180 minutes of operation. Water resistance and adjustable brightness give you the freedom you need. The product will also impress you with its durability and ease of use.

Discover the possibilities of the UV lamp

The device emits pure UV light with a wavelength of 365 nm, which is responsible for its efficiency. You can make use of the possibilities offered by the S11-H in many ways. You can check the authenticity of banknotes or documents, find pet stains on carpets and even detect dermatophytosis in your pet.

It will serve you for a long time

The 800mAh rechargeable battery provides up to 3 hours of UV light use. Charging it is not even a problem - all you need is a micro USB cable. S11-H also has a special battery status indicator. A blue light means it is fully charged, and a red light means it is low on power. This way you always know when to plug in the flashlight!

Easy and comfortable to use

The flashlight is very intuitive to operate - just use the small button on the bottom of the flashlight. It allows you to conveniently change the intensity of the emitted UV light - it can go from strong to weak or the other way around. The Supfire S11-H skillfully combines a wide range of possibilities with simplicity of use.

Use it in any weather

Although the back of the flashlight is not waterproof, you can confidently use it on a daily basis regardless of the weather. Whether sunshine or rain, the S11-H will serve you well. The device should not be harmed by accidental exposure to moisture. Use your UV flashlight freely and do not worry about the weather conditions!

Enjoy comfortable use

The housing of the device is made of durable aluminum alloy. This makes it resistant to damage and impresses with its pleasant texture. Weighing only 78g, it is extremely handy and portable. All this adds up to the unparalleled comfort of the S11-H - try it and see for yourself!

Included: Flashlight USB cable Specification:
